(1). TITLE:- ALOFT !

Picture. :- They're out for a rise ! And here's how they get it ! ... Every morning they take a little run up the 160 foot mast from the gallant old 'Cordelia' of the nineties. ... As --

--they swarm up, the boys experience something of the old-time thrill --

--of the sea ! ... Great Scott ! Look at that fellow at the top ! He's got pluck alright !

They like the boys to make a point of "making a point" in this way - it's good for the nerves. ... Especially --

--if there happens to be a bit of a gusty wind blowing.
