(1). TITLE.:- SPEED ON THE ICE.

Picture.:- Something new in motorized thrills ! There they go ! ... All the machines are home-made affairs, with motor cycle engines providing the power. ... Some of them are --

--quite speedy, but they're not easy to --

--handle. ... They're very liable to skid - so the first thing you have to learn is "Don't --

--skid yourself !" ... Some touch sixty, but often lose--

X --time this way ! He doesn't know if he's coming or going !

They get a lot of excitement out of it !.... Schneider Trophy pilots in the making !

Whoa ! there's a skidder ! ...

Here's the winner - streets ahead ! A walk-over !
