

(-2). TITLE:- ALFRESCO DICKENS.

Picture:- In the yard of the ancient George Inn, off the Borough High Street, they celebrate the anniversary in true Dickensian --

--style. ... With a lorry as stage, "Oliver Twist" is performed before an audience typical of the neighbourhood. ... The part --

--of Oliver is enacted by Sydney Gayton, a clever little boy who attends the Charles Dickens school in --

--the Borough. ... Works by any other than the immortal Dickens would appear ludicrous played --

--under these conditions, but to the players, and the audience, this is the real thing ! ...

A tribute to the author's undying memory in a manner which must have delighted his shade.
