TITLE:- GREAT ADVENTURE.

Picture:- They are all of a "vintage" round about 1902 and 3, and a run to Brighton is a real adventure !

Off goes Number One - twenty eight years old. ... And--

--then others follow in rapid success - well, at any rate, in succession ! ... They're all rattling good machines - or perhaps it'd be more correct to say "good rattling" --

--machines ! ... None of them worried about the new speed laws !...

All the riders "hoped for the best". Campbell took some chances, but what about these chaps ?

Number One comes in Number One ! All in one --

--piece, too ! ... Not bad for a dashing veteran of twenty eight years old !
