(2). TITLE.:- SCULPTURE.

Picture.:- The cold spell gives an instructor at the German Spa --

--an opportunity to indulge his ability in ice-sculpture. ...

His chilly pastime results in some really remarkable figures. ... There's --

--nothing like an "icy blonde" for a cold shoulder, boys ! ... Quite an-ice girl this ! ...

He might have shipped her out a fur overcoat --

--while he was about it ! ... The bare idea is enough to--

--give one the shivers, so we'll leave him to his back-scratching !
