(3). TITLE:- SUMMER IS COMING.

Picture:- Georgette and Ninon are to be general favourites for summer frocks this year. ... So decrees Dame Fashion. ... She also says "Skirts to the ankles, please, ladies!"

Fashionable bridal gowns are to be of "Satin Beute." This one is trimmed with Paris lace, --

--while the coronet is of pearls. ... A carnation bouquet completes the picture.

Tumble suits of coloured chintz will be all the rage for the younger generation on the beach this summer - that's assuming we have a summer! ... Sports suits will be brighter, too. ...
