TITLE.:- WORKERS AT PLAY.

Picture.:- A great wave of athletic enthusiasm is sweeping over Germany.

lll
eee Everybody with time - and inclination - is indulging in physical exercises --

--of one sort or another ! ... These are all members of the --

--Berlin Workers' Sports Association. ... The daily dozen's an epidemic. ...

Push-ball gives them a little relief from the monotony of drill "by numbers". ...

If they're as "pushful" as this in their respective jobs, they should get on in the world ! ..

It's splendid exercise for them, and the Sports Palace --
--makes a fine playground. ... Look out ! ...

Organized associations are springing into being all over the country. ...

Judging by the support they are getting --

--they're assured of success. ... There seems little chance of a "flop".
