TITLE:- LANDSLIDE.

Picture:- With practically no warning hundreds of thousands of tons of accumulated mud slowly slipped down the mountainside and completely engulfed the entire village. ... Most of --

--the buildings were swept away by the muddy mass as it rolled its way to --

--the plains. ... Frantic efforts were made to stay the menace. ... Gangs of men set to --

--work to dig great trenches across the country. ... Their efforts succeeded in saving the crops.

... Barriers were thrown up at various points , and finally the mass was halted.

Fortunately the avalanche of mud only moved slowly so there are no casualties to report.
