

(1). TITLE.:- AMERICA'S AIRSHIP.

Picture.:- She's to be bigger than the Graf Zeppelin,
and will be the --

--world's most formidable fighting airship. ... She'll
even carry a hangar with --

--accommodation for five aeroplanes! ... They're naturally
very proud of this aerial --

--leviathan, and are on their guard against sabotage. ...
Reports of --

--a plot to wreck her caused wide-spread indignation. ...
It is said that one man, at least, had planned that the
Akron --

--should never "take the air". ... However, all is
going well, and the ship with her miles of girders and
millions of rivets, is approaching completion. ...

They reckon she'll be ready for her maiden flight
in June. ...

This great ladder will give you a good idea of her
tremendous size. ... I'm --

--sure everybody will join with me in wishing the Akron
all the luck in the world.
