*Prince's*

TITLE:- PRIMA RANCH.

Picture:- Everything is spick and span on the Prince's ranch out in sunny Alberta. ... It is, at once, the pride and envy of the --

--whole country. ... His Royal Highness hopes to go to Canada again soon, when he will, of course, visit his model ranch, of which this is a model, as you see. ... It's on exhibition at the Crystal Palace, and gives a splendid idea of the original. ... If I had a ranch like that, it'd be "Goodbye, London!"
