TITLE.:- SPRING IS THERE.

Picture.:- Here's how Spring arrived ! Brrh ! ... Reminds me of my last --

--summer holidays ! ... Still it's not quite the sort of--

--thing one expects when the --

--crocuses are just about to burst into bloom. ...

It is a "bit of a blow" to garden --

--lovers, getting this, as they're sharpening --

--up their lawn-mowers ! ... Won't it be a mess when --

--it thaws ? ... I wouldn't like to --

--tell you what this chap thinks of it !

Just when they thought it was all over, a miniature --

--blizzard came up, and everybody agreed with the chap --

--you just saw digging out his car !..It's a shame they can't bottle some of it up in --

--case they have some hot weather in the summer, if and when,

--it arrives. ... Yes, sir ! Munich's got the wind up !
