TITLE.:- UP FROM THE FARM.

Picture.:- The President is very interested in agriculture, so, naturally the Show attracts him. ...

A grand parade of cattle opens the show. ...
"Beef to be" at its best. ... As they are led round the ring, --

--they're blissfully unaware that they'll probably finish up tusked away inside little bottles of beef extract.

Perhaps the President's picking out his next Christmas dinner. ... No, you can't have that one, sir ! It's a lady !

... Altogether one of the best cattle shows seen in Paris for many a long day.

... Good-day, Mr. President ! - and thanks for coming !
