

(4). TITLE:- BAPTISM OF ICE.

Picture:- She's to try to dive under the ice to the North Pole. ....

But first she has to be properly named the "Nautilus".

The grandson of Jules Verne (who foresaw just such an adventure as this) --

--takes part in the naming ceremony, which is done by Lady Wilkins tipping --

--a bucketful of ice - harbinger of an Arctic vigil - over the bow-sprit of --

--the sturdy little steel whale. .... We'll be glad to welcome her back !
