TITLE.:- SPIRIT - and DASH.

Picture.:- They've seen their elders shake hands before a race, so why shouldn't they do likewise ?

The senior driver has reached the ripe old age of six years, --

--while the passengers should be in cradles.

Now then, are you allready ?

Then -----go ! Each of the miniature machines has a quarter-horse-power engine, (so they are not doing so badly). Their total age is only --

--27 years. I wonder if mother knows they're out !

Look at that reckless fellow of five years --

--worthy of Brooklands. Come along, "Sonny Boy" - and don't drop the baby! !

The winner gets a sup, full of candy, --

--but the others object to him having all the toothaches.
