

(3). TITLE.- SURFBOARD RIDING OUTDONE.

Picture.- If you want thrills on your summer holidays - here's a new way of getting them !

Assisted by a motor-boat you - sometimes --

--take the water quite gracefully - like this pair - and enjoy the excitement of ski-ing without the snow - and without the risks, beyond, perhaps a ducking. You shouldn't try it unless you're a good swimmer, --

--but if you are, there's some real good fun in store for you. See how this couple are enjoying themselves !

If you've ever tried skating on one foot, you'll appreciate this ! They have a --

--novel method of landing. The boat speeds close to the stage, the ski-ers dive straight for it ! Up ! Safe ! but only just !
