(3). TITLE:- THE WORLD A-WHEEL.

Picture:- All roads lead to Bolton-by-Bowland, a quaint little village on the Yorkshire border. .... It's the --

--occasion of the North Lancashire District Association's annual rally. .... All kinds of "turn-outs" --

--are here - some very useful ones too ! .... For instance, why -

--leave baby at home ?

BRING UP "ROCK-A-BYE BABY" (6/7)  
AT START OF THIS SHOT AND CONTINUE  
THROUGH CLOSE-UP OF BABY.

There are so many girls in male eyeing kit that you have to take a chance in calling them --

--Miss or Mister ! .... But they all listen attentively to the speakers !

Quite a lot of them bring along tents so that they can make a night of it.

Ah ! dinner's ready ! Every good trooper will get his --

--whack ! They hurry back to camp ! With appetites so strong that - well, one young thing --

--was heard to say she was hungry enough to eat horse !....

Mind you, I'm not suggesting that she did !
