(2). TITLE:- OLD CROCKS.

Picture:- Leeds "winds up" its Safety First week with a grand resuscitation of veterans of the road. Eighteen of them --

--set out on a race from Leeds to Bradford and back.

This "rattler" is 27 years of age, but that's --

--nothing to this ~~30-year-old antique~~ ^{antique}! Thirty-four years, ^{old} and still rolling along!

But wait! This one is a year older still, --

--while only 33 years are to the credit of this "can".

They run a gauntlet of jeers, cheers, --

--and witticisms - oh! here's the winner, a mere baby of 27 years! It is said --

--to have shaken more nuts out on the road than any of its aged fellows.
