TITLE:- PILLION TRIAL.

Picture:- Two up - and Right Away ! All as brim
Full of spirits as their tanks.

The ladies take a back seat - and love it !.....
They have to average a maximum --

--of twenty-miles-an-hour. They'll never do it
at this rate ! That's better !

It's a matter of taking the "smooth with the bumps".

If any of them can enjoy sitting down to-morrow,
I've got my ideas all wrong ! Stick it, Eve !.....
I think she's glued on !

Not a single driver arrived back without his passenger, --

--although one of them very nearly lost his male make-weight !
Ha ! they thought it was bath night ! No, there's
not another ~~one~~^{one} till next week ! Up you go, boys !...
Stick-in-the-Muds never did any good for themselves.

I know a better way of spending a pleasant Sunday --

--afternoon, than this ! Especially when there are two
people concerned !
