(4). TITLE.:- LIVERPOOL'S LORD MAYOR.

Picture.:- New Yorkers gazed with amazement when the Mace-bearer appeared from the City Hall, followed by Mr. Edwin Thompson, Lord Mayor of Liverpool. They are more used to seeing civic heads attired much as the debonair "Jimmy" Walker, seen here in company with his English friend. Robes and regalia are not part of the "make-up" of the Mayors of American cities. In referring to Liverpool, (on the occasion of this visit) one newspaper said it was "the great city on that river --

--whose quality is not strained". Someone's been telling tales out of school !

Good health to you, sir ! Hope you and Mrs. Thompson enjoy your trip !
