(2). TITLE.:- GIRL GUIDES RALLY,

Picture.:- Her Royal Highness is, of course, President of the Girl Guide Movement. As such, she --

--does not care to miss the great annual rally at Chester. This year proves to --

--be a record gathering. The seven thousand guides march past their Royal Chief, dipping their standards in salute as they pass. The --

--President takes the salute, and expresses admiration of the smart --

--appearance of the girls, who have come from all --

--parts of Cheshire to take part in this grand rally on the Roodee. Their marching would not bring disgrace to regular soldiers. They used to say that girls were attracted by the uniform a man wore ! There seems a fair chance of the old order being reversed !
