(6). TITLE.:- TERRIERS IN CAMP.

Picture.:- There's plenty of fun in territorial camp life ! Mind you, I'm not saying that the --

--fellow being "tossed" is enjoying himself, at the moment ! His ordeal is over !

The Lady Mayoress of Manchester is presented with a bouquet by a young civilian soldier, --

--and then accompanies the Lord Mayor - Ha ! the youngster doesn't appreciate civic dignity. The visitors --

--watch the men playing "O'Grady" - I had to tell you that, in case you thought they were drilling ! They're a jolly crowd, --

--who miss very few chances for some fun !

If cleanliness is a virtue, these fellows should be sprouting wings already ! Hey ! give him a chance there, he's got a girl to meet !
