(2). TITLE:- PONY ROUND-UP.

Picture:- A big crowd assembles for what promises to be an--

--exciting entertainment. Into the big corral they come, all --

--wondering what the - er, what it's all about !

They're here to be tamed ! It looks as though a lion --

--tamer would stand the chance of a job !

First the foals are collared. This isn't --

--too easy, for the parents guard the young 'uns with --

--a keen sense of - er, Hey ! stop him someone ! The --

--little divil ! I'd back him for next year's Derby !

You'd almost think they were circus horses, the way they do--

--this merry-go-round business ! They all have to be --

--branded. Ha ! one of them thinks it hurts !
Hold him ! Whoa there ! lad ! They've got him !

Wild ponies !..Well, I'd be wild in these circumstances !
