TITLE. :- WHOOPEE QUEEN.

Picture.:- You'd never think they had just been given the "Order of the Boot" by the French government. Texas is going back, and her farewell lacks nothing of the "Whoopee Spirit".

She refers to her troupe as her "beautiful kids" - she's right! That's not bluff, anyway!

Perhaps, after all, it's just as well she's going back, for --

--if she'd entered England as the bride of --

--Mr. Aslett, every day would have been a fifth of November, for him!

Good bye, girls! You would have made the --

"Gay City" gayer, but - oh, well! - the "Law's an Ass" - and always was! We haven't --

--seen the last of them, for Texas will, I hear, be coming to England in a tin box - as star in a film!
