TITLE:- AFRICAN ATHLETES.

splendid

Picture:- They're a ~~fine~~ looking lot of fellows.
They come from Algeria, Senegal, Morocco, and other French
territories of Africa, to give a display in the fine
Exhibition Stadium.

It would be difficult to imagine anything more
graceful than the movements of these powerful blacks.
I should hate to come across any one of them on a dark
night, particularly if he didn't like me !

Now warriors demonstrate spear-fighting to their big
audience.

It requires remarkable agility to miss being punctured
in the legs by the swiftly-flung spears.

Oh ! No, it didn't touch him !
Ah ! But that did !

They won't like going back to their humble homes in
Africa after being public entertainers in France !
