TITLE.:- T.F. RACE.

Picture.:- One thing is certain, no foreign machine can run off with this race, for the simple reason they are all British, although some of the drivers are not !

A big crowd see the fifty competitors get off --

--the mark, at half minute intervals. .... They've got 120 --

--miles to go, with many tricky corners --

--and bends to make them think of the --

--job in hand. .... This is Quarter Bridge, --

--it gives them little quarter, believe me !

The "S" bend at Braddon does its best to throw them off their balance, --

--while Ballig Bridge does its best to unseat them as they speed over its hump.

They'll prefer to stand for a day or two --

--after such jolts --

--as these ! .....

On the straight, going all out for victory. .... Hunt's performance is terrific ! .... He sets up --

--a new record for the "Junior Race" ! .... Well done, Percy !

Hullo ! hullo !! The secret's out ! .... Now I --

--know why they all want to win !
