

TITLE.:- WASHING DAY.

Picture.:- Even in a Zoo you can't stop Friday nights from coming round !

Mr. Leo has got to have his weekly bath, and his keeper --
--is the boy to give it him !

It's no easy job - and one he's liable to --
--lose at any moment! It almost looks as though
he's going on the retired list now !

It's all very well poking fun at a king of the jungle,
so long as he doesn't take it seriously ! But,
believe me, this fellow can have his job ! I wouldn't take
it on for all the diamonds in Amsterdam - if they were wrapped
up in real honest-to-goodness ten-pound Bank of England notes !
