TITLE.:- NEW DOCK.

Picture.:- Aboard his namesake vessel, the King George the Fifth, His Majesty, with the Queen, enters the new dock to inaugurate one of the mightiest optimistic --

--enterprises of recent years. .... The King expressed his conviction that trade revival would justify Glasgow's preparation for it. .... "Faith in our Future" was the keynote of His Majesty's inaugural speech.

The weather was particularly unkind, but with her usual gracious thoughtfulness for the assembled crowds, Her Majesty braved the elements protected only by an umbrella, rather than a closed carriage. ....

Naturally, the King paid his respects to Scotland's war dead. .... A wreath laid at the foot of the Cenotaph proclaims the fact --

--that their sacrifice has not been forgotten with the passing of years by their grateful sovereign. ....

A great day on Clydeside! .... May it open up a new era of prosperity for the North ! ..... Anyhow , there's nothing like being prepared !
