

TITLE. :- RALLY IN THE RAIN.

Picture. :- You can't keep youth down! They said they'd have a Rally at Creswell, and a Rally they had -- although the elements did their utmost to make them call it "off" What's a little rain among friends? About the only thing that was missing

was snow! They come from Carlisle, Blyth, and all over the North I'm not sure if any of them come from Manchester;

if they did they brought their own weather with them! Well, in spite of it all, it is one of the grandest "get togethers" organised since hiking put

Young England "on its feet" This day in the open, for those who are compelled to

spend most of their time indoors, during the week, puts a sharp edge on their appetites -- and how they "punish the provisions!"

Good healthy appetites are not the only benefits they get from this new-old form of recreation It brings the sexes together in a fellowship which is, in itself, a grand and glorious romance of the open road All honour to those who help in the good work!
