

TITLE:- GRAF ZEPPELIN.

Picture :- She's a beauty The German's had every reason to be proud of her before, but more so now

Dr. Eckener took her for - a final flip before

setting out on her great adventure to the "top

of the world" The landing party are almost "carried away" by

their excitement -- and the big Zepp!

The Doctor directs

mooring operations, and as soon as the ship is secure,

lands to take a final sandwich, with

his fellow explorers, before departing for the uncharted

North. The trip is going to be

a cold one! Let her go!

The aerial leviathan slips from the mooring-mast and takes the air There is remarkably little fuss, considering that

she is about to achieve a flight which thrills the world

Any more for the North Pole? Next stop Leningrad!
