

(1). TITLE:- "TIN CAN" RODEO.

Picture:- First on the program is "auto polo", --

--played on cars which have seen better days !

Oh ! One old bus didn't like the look of the other. Goals are not very important in this game. It's really a matter --

--of keeping upright and out ((of the crowd.))

Cuch ! The dustmen will be along presently !

And now watch ! Brh ! That's the stuff to give 'em ! And its driver is --

--only a girl - but, say, what a girl !

Now for the "star" item on the program. The old --

--petrol-cans go to the post like motor cars. It is --

--the great race for the "Reverse Stakes". Running backwards, some of them dash around at six --

--miles an hour, or even less ! There's one thing, you'd never have to worry about a garage for any one of them ! You'd never lose it !

This fellow is trying to, but oh ! He gets stopped. ... Two the less, --

--and the world is made safer for pedestrians !
