

(3). TITLE:- TALL BOY SCOUT.

Picture:- You can almost imagine old ladies saying,
"I don't believe it ! " Yet it's --

--true ! Two and a half yards of Boy Scout
in one uniform ! A human sky-scraper !

No wonder the other boys look up to him q.....
It takes two to look him square in the face, --

--and it's almost a day's work to clean his "understandings"...

Although he rivals the Eiffel Tower, he delights in
playing games --

--with the other Scouts. But leap-frog is a bit
awkward. That's the way, Sonny - under the
bridge !

They don't have to "cut down" Father's trousers for
Bobby. Dad --

--has to take his son's "cast-offs" ! Everybody
says Bobby's a great chap !
