TITLE.:- WONDER SHOW.

Picture.:- The World's Wonder Show ! And so it is !, for it's not only a wonder, but a miracle, that such gorgeous blooms are --

--possible in a country where winter --

--seems to have pushed summer off the calendar. ....

When the amateur gardener has had his fill of gazing at the sort of flowers he sees on the outside of seed-packets, he feels in --

--the mood to watch people risk their necks and limbs for entertainment !

Shrewsbury recognises this - and so provides an alfresco vaudeville show for its vast crowd of visitors. ... If you can't get a thrill --

--out of a "glorious gladioli", perhaps this will give you that delightful little shiver down the spine ! .....

Anyway, the people get their money's worth, one way --

--or the other. .... If this "turn" tried to turn, what a turn we'd all get ! .....

As a finale - motor-cycling on a one-way-track !  
A thrill without a spill !
