TITLE.:- BEST BACK.

Picture.:- Phew ! I wouldn't have their job for anything ! Fancy having to tell some dozens of girls that their backs are not so beautiful --

--as somebody else's ! ..... That's the job these brave fellows have taken on ! ..... They're looking backwards--

--for the best ! ..... The girls have no chance to impress the judges with --

--"sparks from blue eyes" or any of that sort of thing !... It is a matter of backs, and backs only !

I said I wouldn't have their job. .... Perhaps that was a little hasty of me, but --

--I'd like someone else to give the decision ! ..... The --

--winner is Helen Holiday - and hm ! hm ! she's just as good-looking on the other side !
