TITLE:- T.T. RACE.

Picture:- Forty-four dare-devils dash off on the long long trail which leads to victory - or not, as the case may be.

The course is about 15½ miles round, and the "scratch" cars have to make thirty complete circuits of it !

All the cars are standard sports types which are available to the general public - not "racing" cars in the usual meaning of the word.

They take Quarry Corner at a speed that would make any ordinary --

--individual regret he hadn't made his will before trusting--

--himself to take part in such a daring affair. London to Brighton --

--is nothing to this ! Here is Sir Henry Birkin, with Borzacchini, an Italian hope, on his heels at Dundenald Hairpin bend. One of the --

--supreme tests of driving skill. This is Campari, another entrant from Italy. After five hours of this sort of thing,--

--Norman Black brings in his M.G. Midget to win--

--with an average speed of 67.9. miles an hour ! He is adorned with --

--a wreath of victory, and takes his place as one of our greatest road-racing drivers.
