

(3). TITLE:- BEAUTIES OF SPAIN.

Picture:- One of the first things the new republic does is to elect a queen - - - of beauty ! It is obvious that the sun didn't affect their eyesight when this charming young thing was entered in the final.

Ha ! ha ! apparently this "beauty queen business" isn't such a jelly affair as I imagined. Why so serious, Senorita ? Cheer up !

Final choice falls on Senorita Pila Abarea, who thus becomes Beauty Queen of the Spanish Republic for a --

--year. If I had my way I'd burst into song here. .. You know, something about "Lady of Spain I adore You", - but I never knew who might be in the audience. And I never did like asking for trouble !
