

(1).

TITLE:- DUSKY BELLES.

Picture:- "Other people have their beauty competitions, so why shouldn't we ?" say the --

--dusky damsels of Arkansas. So, gleaming teeth, curly hair, and - er, other attractions --

--are displayed for the approval of the judges. An open-air show --

--of "coloured pictures" ! - but ssh ! it's a dark subject!..

The jury of white folk are all mathematicians, for figures are very important --

--in this contest. Some of the entrants put the judges into a "brown study", but mostly --

--it's black ! Altogether two dozen dainty darkies claim that they are entitled to the title, but final --

--choice falls on Rozelle Moss. She's the one on the left of--

--this trio. You can't say you haven't seen any pictures in natural colour, after this !
