(8). TITLE:- JOCKEYS AT "SOCCER".

Picture:- The "North" team, captained by J.A. Taylor, take the field. .... You'll recognise them by their zebra-like shirts. ....

S. Wragg leads the men of the "South". .... If you're any good at picking winners - now's your chance ! ....

"Gate money" goes to charity. .... It looks as though they will do rather well this time. ....

Most jockeys "take a toss" some time or other. .... Taylor wins this one, and --

--without more ado, the match is on. .... We, most of us, only think of jockeys as fellows who ride to victory the horses we haven't backed! .....

It's quite a good match, and they take it as seriously as they do their profession on the racecourse.

In fact the struggle is so keen that, at the end of the full time it is a dead heat - er - a draw ! .... So the captain's toss for --

--the cup. .... Taylor wins it ! .... Why can't he always have the same luck ?
