

(8). TITLE:- ANTI-GAMBLING DRIVE.

Picture. :- That's right boys ! Smash 'em up !
They are those pernicious "fruit" machines which promise
so much, and --

--give so little. Of course, as gambling devices,
they are illegal --

--but when it was found that they were being tampered with
so as --

--to be unfair as well, "ginger" was put into the anti-
gambling drive.

The result was the seizing of over a thousand of
the purse-emptying devices. They've had --

--their run - and now, quite a number of fathers will be
able to take home most of their pay on Friday nights.
