Picture:- The "forest giants" are over a century old ! XXXX
Antique oak in very truth ! XXXX The men --

British --

--brawn, and sharp steel, do the trick ! XXXX The --

--judges keep well out of range ! XXXX There'd be very
little --

--argument if this monster tumbled the wrong way ! XXXX

It'd make a fine aerial pole !

The tree down, they have to straighten - LOOK OUT ! -
(Phew !) - they straighten them up for the --

--saw-mills. XXXX You can tell by their dials - er,
