TITLE.:- FIRE FIGHTING.

Picture.:- Into the pond go the last few gallons of oil ! XXXX It's going --

--to be a hot experiment ! XXXX Just one match, and see what happens ! XXXX It looks as though nothing short of the end --

--of the world would put it out ! XXXX However, Mr.--

--Dugas gets to work with his new extinguisher, tackling a job fit for a "district call" of the fire brigade ! XXXX

Only he knows what that stuff --

--is ! XXXX And he's not telling anyone, till they've paid ! XXXX He's getting it under - smothering the flames effectively.

It's the real thing ! So if you have a fire, send a post-card to Mr. Dugas in America,--

--but I should call the local fire brigade in the meantime !
