TITLE:- A ROUGH TIME.

Picture. ----- Go ! and away - er - no, I was too quick ! XXXX
Ah ! now they're off ! XXXX They're facing the stiffest
course human ingenuity could devise !

Number Ten is away ! XXXX If Number Thirteen means anything,
someone will probably be walking back ! XXXX

There are fifty miles of "frightfulness" ahead - and no
borrowed bikes allowed, either !

Fancy expecting any self-respecting motor-cycle to
negotiate a track which lies under a foot of muddy water ! XXXX
He's stuck ! But an onlooker shows that there are still some
"pushful" young fellows left in the world ! XXXX

It is called a "trial"-To judge by "hard labour" involved,
it looks more like a "sentence" ! XXXX

Motor-bikes should be "going cheap" in Yorkshire ! XXXX
I can't imagine this sort of thing improving them ! XXXX
They only want to be down a little further, and they'd need
to be wearing diving suits, with helmets complete. XXXX

It's great sport, but I expect there are many who would
prefer "Ludo" and "Snakes and Ladders" !
