TITLE. UP FOR THRILLS.

Picture. :- Where there are thrills, there is always a crowd. XXXX A big one --

--watches the flying force "show off" in their Pageant. XXXX Formation flying opens the event very effectively.

The "flying arrow" speeds through the air at 150 miles an hour, --

--while air-drill gives a backward tilt to every head for miles around.

Now for the real thrills ! XXXX Watch ! XXXX One slip and, well, it's a deuce of a long way to fall !

The star "stunt merchant" turns over a good one ! XXXX It's all the same to him, whether he looks up to the earth and down to the sky, or the other way round ! XXXX Down he goes, --

--sending everybody's heart up into their mouths ! XXXX He doesn't seem to know he's in the air ! XXXX And now look at the d-dare-devil ! XXXX Phew ! XXXX That was a new one !

The autogiros do a bit of "swanking" too ! XXXX A much favoured novelty. XXXX

They are supposed to land within a twenty-foot circle. XXX And that's just exactly what they do !
