TITLE:- MASS DRILL.

Picture.:- They tell me there are fifty-thousand here ! XXXX
I'm quite willing to take that for granted ! XXXX But right
or wrong, it's a vast concourse, and just shows how eagerly
these young Fascisti respond to the call, when they know it
is intended as a --

--tribute to their beloved leader, who views the great
gathering with pride.

Loud-speakers all round the big stadium, carry the
instructor's voice to--

--all corners, so that orders are obeyed with astonishing
precision for so extensive a band of youngsters.

If Mussolini ever had any doubt of the --

--loyalty of "young Italy" to the Fascist cause, this should
set his mind at rest, once and --

--for all ! XXXX By the way, this is one day the sun deserted
Italy ! Perhaps it was the day it came to England !
