

(6). TITLE:- THE GREAT SWITCH-ON.

Picture:- Big crowds gathered to see the great switch-on at Blackpool. XXXX As --

--daylight gives way to dusk, hundreds of thousands of lights transform the whole place into a veritable riot of brilliance. XXX

The illuminations extend for five miles along the promenade. Indeed a 'blazed' ~~trail~~ *trail* XXXX The --

--South Shore Open Air Baths are a bright picture, which will leave visitors with many happy reflections of Blackpool's sparkling farewell to summer. XXXX Across the pool, surrounded by glistening cascades, there drift brilliantly lighted gondolas and other craft. XXXX It's an attractive scene - but I wonder if all this light isn't a mixed blessing to some. XXXX I can imagine many a courting couple wishing the electric supply would fail !
