TITLE.:- WHEELERS' WEDDING.

Picture.:- For years they have been "leading a high life"
to--

--gain a living, and now they are--

--going to their wedding the same way ! XXXX It's a
precarious--

--start for married life ! XXXXX At the church, they
"come to earth".

Most couples only do that after the ceremony !
The bridesmaids--

--are all fellow artistes. XXXX

Well, the knot is tied, and the bridegroom--
--has gone the way of many a better man !

He doesn't appear to realize that he has--
--said "good bye" to "solo" days, and that now it's--
"tandem" ranning for evermore, or--

--until one says "yes" to the other's "no !". XXXX Then
I suppose--

--it'll mean divorce - oh, no ! I've got my countries mixed -
this is in Germany !
