TITLE.:- BRIGHTER DAYS.

Picture.:- Wales doesn't believe in letting depression "get it down". XXXX This is particularly so in Merthyr. XXXX They've had enough of "Old Man Worry's" moans and groans, and to-day the Beauty Queen of their Civic Week is showing him where he "gets off !" XXXX Who could help obeying the--

--commands of so charming a person as Queen Glenys Fenwick-Phillips ?

Why, if she ordered me to - er, no, I'd better not say it !

The Mayress performs the coronation - and sets the seal on Merthyr's big effort to tell the world that it is--

--still a virile force in business. XXXX His Worship--

--the Mayor, gives priority of place to the Queen during the Civic Week celebrations, and everybody--

--is happy. XXXX Merthyr is said to be something like Manchester, in that it "enjoys bad weather", but something must be wrong with the works to-day for the clouds--

--follow the Mayor's example and make way for King Sol - and brighter days !
