TITLE:- MAJESTY OF THE LAW.

Picture. :- The Lord Chancellor is economising this year, so the usual champagne breakfast to Judges and K.C's is--

--dispensed with. XXXX They probably enjoyed their--

--eggs and bacon better - and I probably deserve about seven--

--year's "hard" for saying so ! XXXX Their Lordships are leaving Westminster--

--Abbey, and will go by cab direct to the Law Courts, where--

--the Michaelmas Term opens. XXXX You can understand why our--

--Law has the admiration and respect of the world, when we have--

--such administrators. XXXX I daresay the criminal fraternity would wish them--

--to take the eloquent-master's advice, and keep their sentences short !
