TITLE.:- THRILL FROM A CHILL.

Picture.:- Here's a strange way of earning a living! XXXX  
He permits himself to be placed inside a block of--

--ice, with a temperature of 21 degrees below--

--zero ! XXXX There's enough air inside to last a normal individual about three minutes, but he doesn't worry even when they close the end and carefully seal it !

He practises "shallow breathing" - so he says. XXXX  
At any rate--

--he sticks it for half-an-hour, while the judges--

--get all "hot and bothered" about him ! XXXX They're afraid he's frozen stiff,--

--and hurry to give him the air! XXXX But they needn't--

--have "got the wind up" - he's alright !

It just shows how you can get a thrill, even out of such a thing as an ice box ! XXXX It's a thrill from a chill alright. XXXX Hope he doesn't reverse things, and get a chill from his thrill !
