--seems to be "askew", giving the impression of the "morning after" !

Look at the shop of Mr. Boosey - that's just how it does look(!),--

--while Mr. Drinkwater's place is still upright! XXXXXX
There's a lesson for you !

The people are not quite so "badly done by" as it seems, for--

--there is a Compensation Fund for repairs out of the revenue of the Works. XXXX

Usually, when you see a door like this, it's time you--

--went home ! XXXXX The owner of next door is supporting two homes ! XXXX If you should be in this direction, and see someone fumbling at a front door, it'll be the door that's "jammed", not the fumbler !
