(10). TITLE.:- IN BOTANY BAY.

Picture.:- They don't wait for good weather conditions for this race - they wait till--

--it's really rough - just as it is to-day ! XXXXXX
This bit of Australian--

--coastline is almost as noted for its high seas, as was--

--another product of Australia - Melba ! XXXX They are having--

--a rough time in their race from shore to a bucy half-a-mile out - it is real he-man stuff !

Now they are returning. XXXXX It needs every ounce of skill they have to land through the angry surf. It's as--

--well for them to have 'luck' on their side too, for anyone who goes overboard is in for a perilous time !

The one on the right is in trouble, XXXXX WHOOP ! XXXX
The race is over - for them !

AND SO, FOR THE PRESENT, I LEAVE YOU !
